

If You Paid for or Provided Reimbursement for Brand or Generic Xyrem (Sodium Oxybate), You Could Get Money from Settlements

There are new proposed settlements totaling \$195 million with Jazz Pharmaceuticals, Inc., Jazz Pharmaceuticals Ireland Limited, and Jazz Pharmaceuticals Public Limited Company (“Jazz”); Hikma Pharmaceuticals plc, Hikma Pharmaceuticals USA Inc., Hikma Labs, Inc., and Eurohealth (USA), Inc. (“Hikma”) (the “Settlements”) in a class action lawsuit. The lawsuit claims that Defendants Jazz; Hikma; Amneal Pharmaceuticals LLC (“Amneal”), and Lupin Ltd., Lupin Pharmaceuticals Inc., and Lupin Inc. (“Lupin”) harmed competition and violated certain state antitrust and consumer protection laws. Plaintiffs allege that Defendants unlawfully delayed the availability of allegedly less-expensive generic versions of Xyrem and allocated the market and Defendants’ alleged conduct caused Settlement Class members to pay more than they otherwise would have for Xyrem and/or Xywav. Defendants deny any wrongdoing. The Court previously approved settlements totaling \$3.4 million with Amneal and Lupin. No one is claiming that Xyrem or Xywav are unsafe.
